Portfolio: https://portfolio-develijahlee.vercel.app/
I love translating UI designs to code and collaborating with others to create expectional user experiences. Optimizing performance and building robust tests is my fascination. I am experienced working in the startup environment and have lived abroad in the United States for 13 years.

Skills

⚛ React   Ⓝ Nextjs   JS Javascript   TS Typescript

HTML   CSS   cy Cypress   SASS

Experience

Dohands Company

2020.12 - Present (Series B Logistics Startup)
